INDEX TO VOLUME VI

PAGE

Adiposis and lipomatosis; I. P. Lyons 28
Adrenals, the induction of pancreatic activity by the removal of; J. E. Sweet and R. Pemberton 536
Agglutination typhoid test, a quick macroscopic; C. C. Bass and J. Watkins. 717
Agglutinins, typhoid, human and animal, a study of; R. S. Austin and C. Frothingham, Jr. 677
Anarthria and lenticular zone; A. Gordon 709
Anemia, pernicious, mistaken for amebic ulcer colitis, with observations on the ipecac treatment; W. W. Herrick 662
Anemia, severe, peculiar elongated and sickle-shaped red blood corpuscles in a case of; J. B. Herrick 517
Anthracosis, experimental; L. S. Mace 532
Arterial wall, an experimental study of the resistance to compression of; T. C. Janeway and E. A. Park 586
Arteries, splanchnic, the effect of permanent constriction of, and the association of cardiac hypertrophy with arteriosclerosis; W. T. Longcope and A. T. McClintock 439
Austin, R. S., and Frothingham, C., Jr.: A study of human and animal typhoid agglutinins 677

Bacteria, elimination of from blood through the intestinal wall; A. F. Hess.. 522
Bass, C. C., and Gage, J. G.: Hookworm infection in the better class of southern white people 303
Bass, C. C., and Watkins, J. A.: Quick macroscopic typhoid agglutination test 717
Blood-pressure determinations, auscultatory; J. C. Gittings 196
Blood-pressure, low, of non-traumatic origin, a study of experimental conditions of; R. M. Pearce and A. B. Eisenbrey 218
Book Reviews .....
Robson and Cammidge's The Pancreas: Its Surgery and Pathology 231
Tousey's Electricity and Roentgen Rays 231
Brem, Walter V.: Clinical studies of malaria in the white race 646
Brooks, Harlow: Case of fatal sodium chlorid poisoning 577

Cammidge and Robson's The Pancreas: Its Surgery and Pathology, review of. 231
Cardiac hypertrophy, association of with arteriosclerosis, and effect of permanent constriction of the splanchnic arteries; W. T. Longcope and A. T. McClintock 437
Chesley, A. J., and Robertson, H. E.: Pathology and bacteriology of acute anterior poliomyelitis 233
Children and infants, normal percentages of different varieties of leukocytes in; O. M. Schloss 638
Class, F. Morris: Serum-therapy in purpura hemorrhagica 170
Complement-fixation tests for syphilis, use of pure lipoids and alcoholic extracts with active and inactive serum in; T. MacRae, A. B. Eisenbrey and H. F. Swift 469

PAGE

Craig, Charles F.: Further observations on *Paramœba hominis*, an intestinal parasite of man 1
Cross, Grosvenor: Trichinosis; trichinella found in blood taken from an ordinary ear puncture 301
Cyanosis, chronic, multiple non-inflammatory necrosis of the liver with jaundice in; H. Oertel 293

Duodenal contents in man, study of; M. Einhorn and J. Rosenbloom 666

Einhorn, Max, and Rosenbloom, J.: A study of the duodenal contents in man. 666
Eisenbrey, Arthur B., and Pearce, R. M.: Experimental conditions of low blood-pressure of non-traumatic origin 218
Eisenbrey, A. B., MacRae, T., and Swift, H. F.: Use of pure lipoids and alcoholic extracts with active and inactive serum in the complement-fixation tests for syphilis 469
Electricity and Roentgen Rays, by S. Tousey, review of 231
Ergot, an experimental study of the pharmacology of; H. C. Wood and C. A. Hofer 388
Evans, George H., and Whitney, J. L.: Diagnostic value of the intracutaneous tuberculin test 307

Fabyan, Marshal: Bovine type of tuberculosis in man 19
Fat, utilization of by an atrophic infant; A. H. Wentworth 420
Fever, typhoid; see Typhoid Fever
Fleisher, Moyer S., and Loeb, L.: Experimental myocarditis 427
Foster, Nellis B.: Nitrogen and sulphur metabolism in morbus cæruleus 24
Frank, Robert T.: Has ovotherapy, as now practiced, an experimental basis? . 314
Frothingham, C., and Austin, R. S.: A study of human and animal typhoid agglutinins 677

Gage, J. G., and Bass, C. C.: Hookworm infection in southern whites 303
Gay, Frederick P., and Lucas, W. P.: Anterior poliomyelitis 330
Gittings, J. C.: Auscultatory blood-pressure determinations 196
Gordon, Alfred: Lenticular zone and anarthria 709

Hachtel, F. W., and Stokes, W. R.: Control of typhoid fever in city and country 121
Hamman, Louis: Heart muscle in typhoid fever 339
Hamman, Louis, and Wolman, S.: Cutaneous and conjunctival tuberculin tests in the diagnosis of pulmonary tuberculosis 690
Harbitz, Francis: Trophoneurotic changes in bones and joints in leprosy 147
Harvey, Samuel Clark: Quantitative determination of chlorids in the urine .. 12
Heart hypertrophy, association of with arteriosclerosis and effect of permanent constriction of splanchnic arteries; W. T. Longcope and A. T. McClintock 439
Heart muscle in typhoid fever; L. Hamman 339
Hemorrhage, the prognostic significance of pulse-pressure changes during; C. J. Wiggers 281
Herrick, James B.: Peculiar elongated and sickle-shaped red blood corpuscles in a case of severe anemia 517
Herrick, W. W.: Pernicious anemia mistaken for amebic ulcer colitis 662

PAGE

Hess, Alfred F.: Elimination of bacteria from the blood through the wall of the intestine 522
Hirschfelder, Arthur D.: Cutaneous tests with corn extracts in pellagrins.. 614
Hirschfelder, Arthur D.: Functional disturbances in paroxysmal tachycardia. 380
Hodgkin's disease and certain allied conditions, a study of cases of; H. T. Karsner 175
Hofer, Clarence A., and Wood, H. C., Jr.: Pharmacology of ergot..... 388
Hookworm disease, a study of the type of infantilism in; I. I. Lemann.... 139
Hookworm infection, prevalence of, in the better class of southern white people; J. G. Gage and C. C. Bass..... 303
Hopkins, J. Gardner: Phagocytosis of red blood cells after transfusion..... 270

Infant, atrophic, utilization of milk-fat by; A. H. Wentworth..... 420
Infantilism in hookworm disease, a study of the type of; I. I. Lemann..... 139
Infants and children, normal percentages of the different varieties of leukocytes in; O. M. Schloss..... 638
Infants, normal and atrophic, estimation of chlorids in the stomach contents from; A. H. Wentworth..... 617

Janeway, Theodore C., and Park, E. A.: Resistance to compression of the arterial wall 586

Kaliski, David J.: Specificity of the Noguchi modification of the Wassermann reaction 205
Karsner, Howard T.: Hodgkin's disease and certain allied conditions..... 175
Kidney inflammation, chronic, histological study of sweat-glands in cases of; H. U. Williams..... 702

Lemann, Isaac Ivan: Infantilism in hookworm disease..... 139
Lenticular zone and anarthria; A. Gordon..... 709
Leprosy, trophoneurotic changes in bones and joints in; F. Harbitz..... 147
Leukocytes, different varieties of, normal percentages of in infants and children; O. M. Schloss..... 638
Lipomatosis and adiposis; I. P. Lyon..... 28
Loeb, Leo, and Fleisher, M. S.: Experimental myocarditis..... 427
Longcope, Warfield T., and McClintock, A. T.: Effect of permanent constriction of the splanchnic arteries and the association of cardiac hypertrophy with arteriosclerosis 439
Lucas, William P., and Gay, F. P.: Anterior poliomyelitis..... 330
Lyon, Irving Phillips: Adiposis and lipomatosis..... 28

Mace, Lewis Sayre: Experimental lung anthracosis..... 532
MacRae, Thomas, Eisenbrey, A. B., and Swift, H. F.: Use of pure lipoids and alcoholic extracts with active and inactive serum in the complement-fixation tests for syphilis..... 469
Malaria, clinical studies of in the white race; W. V. Brem..... 646
McClintock, A. T., and Longcope, W. T.: Effect of permanent constriction of the splanchnic arteries and the association of cardiac hypertrophy with arteriosclerosis 439
Milk-fat, the utilization of by an atrophic infant; A. H. Wentworth..... 420
Morbus ceruleus, a study of the nitrogen and sulphur metabolism in; N. B. Foster..... 24
Myocarditis, experimental, further investigations in; M. S. Fleisher and L. Loeb 427

PAGE

Nephritis, chronic, histological study of sweat-glands in cases of; H. U. Williams 702
Noguchi modification of the Wassermann reaction, specificity of; D. J. Kaliski 205

Oertel, Horst: Multiple non-inflammatory necrosis of the liver with jaundice in chronic cyanosis 293
Ovotherapy, question of an experimental basis of; R. T. Frank 314

Pancreas: Its Surgery and Pathology, by A. W. M. Robson and P. J. Cammidge, review of 231
Pancreatic activity, the induction of by the removal of the adrenals; J. E. Sweet and R. Pemberton 536
Paramœba hominis, an intestinal parasite of man, further observations on; C. F. Craig 1
Park, Edwards A., and Janeway, T. C.: Resistance to compression of the arterial wall 586
Pearce, Richard M.: Wassermann reaction in the pathology, diagnosis and treatment of syphilis 478
Pearce, Richard M., and Eisenbrey, A. B.: Experimental conditions of low blood-pressure of non-traumatic origin 218
Pellagrins, cutaneous tests with corn extracts in; A. D. Hirschfelder 614
Pemberton, Ralph, and Sweet, J. E.: Induction of pancreatic activity by the removal of the adrenals 536
Phagocytosis of red blood-cells after transfusion; J. G. Hopkins 270
Poisoning, sodium chlorid, a fatal case of; H. Brooks 577
Poliomyelitis, acute anterior, pathology and bacteriology of; H. E. Robertson and A. J. Chesley 233
Poliomyelitis, anterior, methods of diagnosis of, from spinal fluid and blood; F. P. Gay and W. P. Lucas 330
Purpura, hemorrhagic, serum-therapy in; F. M. Class 170

Robertson, H. E., and Chesley, A. J.: Pathology and bacteriology of acute anterior poliomyelitis 233
Robson and Cammidge's The Pancreas: Its Surgery and Pathology, review of 231
Roentgen Rays and Electricity, by S. Tousey, review of 231
Rosenbloom, Jacob, and Einhorn, M.: A study of the duodenal contents in man 666

Schloss, Oscar M.: Normal percentages of the different varieties of leukocytes in infants and children 638
Sodium chlorid poisoning, a fatal case of; H. Brooks 577
Stokes, William Royal, and Hachtel, F. W.: Control of typhoid fever in city and country 121
Sweet, J. E., and Pemberton, R.: Induction of pancreatic activity by the removal of the adrenals 536
Swift, Homer F.: Effect of treatment on the Wassermann reaction 626
Swift, Homer F., MacRae, T., and Eisenbrey, A. B.: Use of pure lipoids and alcoholic extracts with active and inactive serum in the complement-fixation tests for syphilis 469
Syphilis, use of pure lipoids and alcoholic extracts with active and inactive serum in the complement-fixation tests for; T. MacRae, A. B. Eisenbrey and H. F. Swift 469
Syphilis; see also Wassermann reaction.

PAGE

Tachycardia, paroxysmal, the functional disturbances in; A. D. Hirschfelder. 380
Tousey's Electricity and Roentgen Rays, review of..... 231
Transfusion, phagocytosis of red blood cells after; J. G. Hopkins..... 270
Trichinella found in blood taken from an ordinary ear puncture; G. Cross... 301
Tuberculin dosage in treatment, an individual quantitative index to; W. C. White and K. H. Van Norman..... 449
Tuberculin tests, cutaneous and conjunctival, in the diagnosis of pulmonary tuberculosis; second report; L. Hamman and S. Wolman..... 690
Tuberculin test, intracutaneous, a preliminary report on the diagnostic value of; G. H. Evans and J. L. Whitney..... 307
Tuberculosis, bovine type of associated with three cases of tuberculosis in man; M. Fabyan..... 19
Typhoid agglutination test, a quick macroscopic; C. C. Bass and J. Watkins. 717
Typhoid agglutinins, human and animal, a study of; R. S. Austin and C. Frothingham 677
Typhoid fever, the control of in city and country; W. R. Stokes and F. W. Hachtel 121
Typhoid fever, the heart muscle in; L. Hamman..... 339

Uncinariasis, a study of the type of infantilism in; I. I. Lemann..... 139
Uncinariasis, the prevalence of, in the better class of Southern white people; J. G. Gage and C. C. Bass..... 303
Urine, quantitative determination of chlorids in; S. C. Harvey..... 12

Van Norman, Karl H., and White, W. C.: Individual quantitative index to tuberculin dosage in treatment..... 449

Wassermann reaction, effect of treatment on; H. E. Swift..... 626
Wassermann reaction, specificity of the Noguchi modification of; D. J. Kaliski. 205
Wassermann reaction in the pathology, diagnosis and treatment of syphilis; R. M. Pearce..... 478
White, William Charles, and Van Norman, K. H.: Individual quantitative index to tuberculin dosage in treatment..... 449
Watkins, John A., and Bass, C. C.: Quick macroscopic typhoid agglutination test 717
Wentworth, A. H.: Estimation of chlorids in the stomach contents from normal and atrophic infants..... 617
Wentworth, A. H.: Utilization of milk-fat by an atrophic infant..... 420
Whitney, James L., and Evans, G. H.: Diagnostic value of the intracutaneous tuberculin test 307
Wiggers, Carl J.: Prognostic significance of pulse-pressure changes during hemorrhage 281
Williams, H. U.: Histological study of the sweat-glands in cases of chronic nephritis 702
Wood, Horatio C., Jr., and Hofer, C. A.: Pharmacology of ergot..... 388
Wolman, Samuel, and Hamman, L.: Cutaneous and conjunctival tuberculin tests in the diagnosis of pulmonary tuberculosis..... 690
